PRECISION AND QUALITY

IN EVERY DETAIL

FROM THE LAKE OF CONSTANCE

- We manufacture complex turned and milled parts for aviation, aerospace, automotive and mechanical engineering.
- Reliable and intelligent solutions from a single source.  
Materials – technology – quality – logistics.
- Successful supply chain management.

Compliance  
of standards  
EN9100:2009

COMPETENCE AND EXPERIENCE –

FOR MORE THAN 50 YEARS

»The higher the requirements, the better you are with us.«

Peter Ziegler, Management
